ARCHIE REVIE WEDS A SANTA ROSA GIRL

Miss Madelyn Ramsey Claimed as Bride by Young Man of Prominent Sonoma Family.

Archie Revie, of a pioneer Sonoma family, son of Mrs. Susie Revie of this place, was married in Santa Rosa last Sunday to Miss Madelyn Ramsey, a prominent and charming young lady of that city. Mr. Revie has been holding the responsible position of head bookkeeper with the California Telephone and Light Company at Santa Rosa, and his bride was also employed there. Before going to Santa Rosa young Revie was the accomodating clerk at the Sonoma post office, and had a host of friends here who will wish him the greatest happiness.

SONOMA-MADE FURNITURE DISPLAYED BY MERCHANT

It is with considerable pride that Sonoma people are viewing the furniture department of F. Clewe this week. There are dressers of ivory finish made in the Sonoma factory of A. W. Alder on Spain St. The style and finish are correct in every detail and the dressers are beautiful enough to grace any home. Sonoma products such as these show our possibility as a manufacturing center.

HIGH SCHOOL SHOW

The high school comes forward this month with their first show this year—a big entertainment with many attractive features. The one act plays, three of them, are unusually charming and attractive. They were carefully selected with the view of breaking away from the commonplace in comedies.

An unusual feature of the show will be the classic and ballet dancing of Tamara Laub, trained in the Russian ballet school. She is a recent immigrant to America, having fled from Russia during the Bolshevik uprising. She is now attending the high school to become familiar with the English language.

The high school is struggling under odds to develop an orchestra which will be at the service of the community, once it is sufficiently proficient. The school appeals to the public to encourage it by patronage, even if they cannot attend the show and enjoy it.

It will be on Thursday night, February 17, and Saturday night, February 19 at the grammar school auditorium. The admission will be 35 cents and 50 cents with no seats reserved.

ROAD REPAIRS AND IMPROVEMENTS

The stone bride on the Petaluma road near the Biggins ranch was badly damaged by the storm and has given road masters considerable trouble in repairing it.

Supervisor Lowell is having some work done on the county road between Madrone and Warfield Station.

Mr. and Mrs. Morgan of Napa motored over Saturday evening and were guests at the hospitable Froment home.

LAST TRIBUTE PAID TO A BELOVED MOTHER

Friends Gathered at Home Sunday to Pay Last Respects to Mrs. Julia Burris, Called to Eternity.

The home of the late Mrs. Julia Burris was thronged with old friends and neighbors last Sunday afternoon, who came to pay their last respects to the beloved pioneer mother who had crossed the great divide after a long and eventful life. The handsome floral tributes and last fond looks of those who gazed upon the peaceful form in the casket testified to the esteem and appreciation which the community felt toward the deceased. Though not taking an active personal interest in public affairs, she was, as her pastor mentioned in the funeral service, deeply concerned at all times with the advancement and welfare of the community, and had a pride and interest in the part which her family took in progress and prosperity. She had reared a family of ten children, three of whom have preceded her to the great beyond, the remaining seven all reared to man- and womanhood, a comfort and joy to her in her declining years.

The family were all at her bedside as the eternal shadows enfolded her and a courageous mother who had come across the plains in emigrant days passed on to the greater and more mysterious bourn from which no traveler's yet returned.

The last sad rites as conducted by Rev. M. Burchett of the Methodist church were impressively beautiful. The pastor told feelingly of the devotion of the pioneer mother, her long and active career, her interest in things spiritual as well as material, and he spoke assuring and comforting words to the family in their great sorrow. The M. E. choir rendered a well-chosen selection, and Mrs. H. J. Savacool sang "I Know that My Redeemer Liveth," a favorite hymn of deceased. The minister recalled that Mrs. Burris, when a girl, became a Christian, and joined the Methodist church, and all these years had been a faithful member of the same. On May 9th, 1875, she joined the M. E. church in Sonoma, her husband also a few months later in October, and during these nearly 46 years she has had the church and people of the community at heart, although for several years an invalid, she was always glad to hear of the work being done in connection with the church. She always received her pastor cordially and appreciated his ministrations. It might be said of her, in the language of Tennyson:

Twilight and evening bell,
And after that the dark,
And may there be no sadness of farewell
When I embark;
For though from out our bourne of time and place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crossed the bar.

Monday morning the funeral party accompanied the remains to San Francisco and from there by auto to San Mateo county, where in Mt. Olivet cemetery all that was mortal of deceased was laid to rest in the family vault beside loved ones gone before.

Rev. Burchette gave a final prayer and the Knickerbocker Quartette of San Francisco rendered "Lead Kindly Light" and "Good Night" most beautifully.

Quantities of fresh flowers and additional floral pieces were noted at the cemetery, and also the presence of many former Sonoma residents, among them Mr. and Mrs. F. T. Duhring.

Julia Ann Burris was born in Cass county, Missouri, in June, 1841. When six years of age she came to California with her parents in an emigrant train, which encountered many dangers as they came through the wilds of Arizona and other border states. Mrs. Burris' father, William Wilburn, was captain of the party which made the perilous journey. They settled near Gilroy, and in 1853 the wedding of David Burris and Julia Ann Wilburn took place. Mr. and Mrs. Burris took up their residence on the Kings river, and there through frugality and toil laid the foundation of the fortune they subsequently amassed. In 1865 they came to Sonoma and thereafter claimed this as the family home, although always maintaining the big ranch at Hanford.

Mr. Burris, who founded the Sonoma Valley Bank in 1875, passed away 17 years ago. Since his death his widow has resided here in Sonoma with her youngest son, Frank M. Burris who has been most devoted to her. Every comfort and the services of the best nurses and doctors were given her in her declining years. A trained nurse has been in attendance for the past two years and Dr. Hennessey, the family physician, made frequent visits to look after the frail health on which old age was steadily encroaching. No suffering or pain attended Mrs. Burris last illness. She passed away peacefully in the presence of her loved ones. May she rest in peace.

SAM SEBASTIANI NEW DIRECTOR OF S. V. BANK

Local Capitalist Succeeds Late Mrs. Julia Burris on Board of Pioneer Institution.

Sam Sebastiani, the local capitalist, wine and cannery man, has been nomed a director of the Sonoma valley Bank, succeeding Mrs. Julia Burris, deceased.

The addition of Mr. Sebastiani to the board of the pioneer banking firm adds one of Sonoma Valley's most substantial and progressive citizens to the personnel of the institution. The present directors are F. M. Burris, Jesse Burris, F. T. Duhring, P. H. Thompson and Sam Sebastiani.

The assets of the bank have grown from $150,090 in 1894 to over a million dollars in 1920.

RYAN'S PRISONER RECAPTURED AT SAN DIEGO

Denny Herlihy, Who Broke Jail After Deputy Sheriff Captured Him, Again in Toils.

Denny Herlihy, the eel-like law breaker, who gave Deputy Sheriff Ryan a chase through the slums before he was captured in San Francisco in 1919, and who later escaped from the County jail at Santa Rosa, has been recaptured. In regard to the varied career of the offender and his capture in the south the Press Democrat says:

"After a search covering a year and a half, Denny Herlihy, who broke jail here September 17, 1919, has been recaptured in San Diego, and is being held there upon the call of the local sheriff's office.

"Herlihy was sentenced to serve a six months term in the county jail here for driving an automobile belonging to another without the consent of the owner. He escaped while doing janitor work in the jail.

"Previously Herlihy had broken parole in Sonoma, and after a nine days hunt in dives and cafes of San Francisco was captured by Deputy Sheriff Ryan. Ryan finally traced Herlihy to the apartment of Teen Cook-Cannon, a Santa Rosa woman at that time living in San Francisco.

"Herlihy is wanted in Los Angeles on a statutory offense, in Minnesota for breaking parole, and in Stockton on a criminal charge.

TURN DOWN DRY ORDINANCE

The Sonoma city trustees last week tabled Senator Grant's ordinance to make the Volstead act enforceable by local officers. The board does not take much stock in Grant's propaganda, and declare Sonoma city already has enough law.

Mr. Perkins was an old resident of Sonoma valley and despite his age maintained his faculties up to the last and was a bright and interesting old gentleman. His physical health broke down some months ago and his death was not unexpected. He was a native of New England.

The remains were shipped to San Francisco for cremation this morning.

SUNDAY CLOSING MOVEMENT IS IRRELIGIOUS

It seems very evident that there is a very irreligious aspect to the Sunday closing agitation upon the part of those who most zealously advocate it. The Sunday closing propagandists are for the most part the professional reformers who must continually "start something" puritanic in order to get the following which keeps them in money and finances their ideas of uplift. In addition to the self-seeking ringleaders who fatten on a credulous patronage, there are the jealous commercial interests who close their doors on the Sabbath and cannot bear to see any rival making money. In San Francisco during a recent discussion before the supervisors on Sunday closing it was all to plain that the florists of that city, who close their shops on the sabbath, wanted to force the flower vendors off the street corners and deprive the Sunday passer-by of his violets and roses because the flower stands were making the money which the other fellows could not or would not get. This dog-in-the-manger attitude is far from Christian-like and disgusts the public.

The American people have no patience with the fad for legislating and compelling one element of the population to subscribe to the sentiment of the other. It would be just as wrong to compel a man to keep his store open on Sunday as to force him to close it; just as arbitrary to force a man to use tobacco who has no use for it; just as tyrranic to insist on a vegetarian diet for a person who enjoys his roast beef as for the blue sky artists to force their views and codes on the public.

The thought and idea of a day of rest is a beautiful one and was conceived in the right light and spirit, but like many other good and noble ideas it has been sadly distorted until today we have the spectacle of the wrangle over Sunday closing and the protest of people even religious though of differing creeds observing their day of rest on Saturday, perhaps, and asking in the name of religious liberty the right to pursue the even tenor of their way on the Sabbath.

Let us banish compulsion and lend no moral or financial support to any movement which must depend on legislation to enforce its views. Any movement can win by example, persuasion and education if it has virtue and righteous argument, and can advance world-welfare without bringing the laws of a free land into disrepute and making of true religion a base alloy.

Governor Stephens bemoans and warns against the insidious lobby of corporations and capitalists, telling the dear people that he is their protector against these mammoth foes of the masses. Tut, tut, Governor! The people swallowed that stuff a few years ago but have come to the conclusion that political humbugs are worse than insidious lobbies. Those who have prated most of serving the interests of the people have been the ones who have duped us the worst. The corporations may have evil ways, but their ways are not half so crude and unreasonable nor their exactions as onerous as the political poser.

The disappointment ofthe masses in their political saviors is a sad spectacle. Taken off their guard, a trusting public has been sadly duped, their confidence betrayed either through incompetence, ignorance or the failure of theories to function. The public is in no mood to finance any more fads or to indulge in any further moral orgies. Rather than follow a false prophet the people will tie to the corporations, for though "soulless" they are business-like in their exactions. Less soul and more substance is what California needs right now. We are becoming abnormal, bankrupt and anemic at the hands of impractical and prodigal theorists.

After all, we might spend good American money for worse things than battle ships and naval armament. Modern warfare delves deep into the chemical laboratories for the most sinister war weapons. They yield the most atrocious and deadly means of dealing death, and such work can be carried on secretly by silent enemies. If we are to protect ourselves from this danger we too must have the devil's laboratory and the pitch hot. Chemical preparedness would not be half so assuring or inspiring as battleships or half the stimulus to our patriotism and national pride. There are worse possibilities than a clean-cut array of fighting ships maintained to the highest trim of efficiency.

The Automobile association calls down the Highway commission and its work in California, but it strikes us that it is a call-down with a speak easy aspect. We would like to see the original arraignment before it was blue penciled for final publication. The original unvarnished facts as set forth must have been good reading.

We are told that the worm will turn—YES, but also, who will it follow? A constructive critic we hope.

WHERE IS EX-SOLDIER KELLY?

Charley Kelly, the accomodating ex-employee of the Sonoma feed store, who went into the army during the war and was last here when he came from Virginia on a 30 day furlough, is giving his Sonoma friends much concern. Young Kelly wrote to Mr. Lindley, his former employer, of his safe arrival in camp after returning to the Atlantic and later said he expected to be discharged last March. His captain has written Mr. Lindley that he was discharged but since then no word has been received from him. His war insurance papers have not been paid up since he left Hampton Roads and the authorities notified young Kelly's Sonoma friends of the fact and asked for information concerning him. No one in Sonoma has heard from the soldier boy for the past year and fear is expressed that he may have died or suffered loss of his memory. Kelly was an employee in whom the feed store people took a great interest and appreciating his faithful service with them had intended to put him through business college and give him other advantages. E. T. Lindley, manager of the Sonoma Feed Store, personally befriended the boy, and after entertaining him in his home during his furlough, gave him money to return to camp. Kelly returned the money and wrote once or twice after his arrival there, but since news of his discharge all trace of him has been lost.

MAJOR BOHILL HEARD FROM

Major Thos. Bohill, who as a retired British army officer came to Sonoma and purchased the Graves place, later the property of Charles Deane, has written from Uganda Protectorate, Central Africa, to his friend, James McElney, of this place.

Sonoma friends will be glad to learn that he is hale and hearty.

FORMER CITIZEN WOULD CONDUCT THEATRE

Plans are under way for the organization of a stock company composed of Sebastopol people for the purpose of erecting a first class movie theatre in Sebastopol. The initial investment is estimated at $20,000. The plans for the new structure provide for a modern stage with scenery, comfortable seating arrangements and strict attention will be paid to the heating and ventilation.

A. L. Wells, a well known former resident, who was in the theatre managing business for many years, is the prime mover of the venture, and when the organization plans have been completed, will take a ten year lease on the building. Wells was for many years lessee of the Petaluma opera house. He was in the painting business here.

CARD OF THANKS

I wish to extend my sincere thanks for the beautiful floral tributes and for the kindness of the neighbors and the Woodmen during my recent bereavement.

BISCUITS FROM HOME BREW

A Sonoma lady has declared that she can make the finest kind of biscuits from home brew beer. She declares that she warrants that anyone eatin them will have no kick coming and will therefore be within the law. The biscuits are raised in what was originally a "dry" family, but curiosity led to experimenting with home brew concoctions with the above mentioned success.

REQUEST TRANSFER

W. I. PANCRAZI RAVIOLI SUPPER-DANCE BIG SUCCESS

Despite the weather the supper dance given by Mr. and Mrs. Julius Pancrazi, for St. Francis' church benefit last Saturday night was largely attended. Rev. J. F. Byrne was more than pleased with the fine crowd which responded despite the stormy weather. All were well repaid for venturing out and enjoyed a fine time. Over 150 sat down to the ravioli feast.

Music for dancing was furnished by young jazz artists from the St. Mary's college orchestra, Oakland. Card tables at the hotel accomodated the "500" enthusiasts while the dancers made merry at the auditorium. Supper was later served at the hotel.

The Catholic ladies of Glen Ellen and the Home ably assisted Rev. Byrne and Mr. and Mrs. Pancrazi making the affair the big success it proved to be. Wm. Craib was master of ceremonies.

LOCAL CAPITAL INTERESTED IN NEW BUSINESS CONCERN

Articles of incorporation of the Modesto Vineyard and Orchard company with capital stock of $100,000, of which $35,000 has already been subscribed were filed with County Clerk Felt last week. The incorporation is for a period of five years, with stock rated at $1 per share, par value.

Fred Batto of Sonoma, G. Ritz of Sonoma, W. F. Ritz of Modesto, G. W. Ritz of Acampo and Lester Fasig of Acampo are the stockholders.

The present place of operation of the company's plant is at Modesto, but its activities may extend here. Last season the Batto-Ritz cannery put up 65,000 cases of tomatoes. The pack was exclusively tomatoes and the cannery was kept running 20 out of 24 hours daily during the season.

Future plans are extensive but will be held in abeyance pending more settled conditions of the market.

FIRE ENGINE LIKE SONOMA'S DID GOOD WORK LAST WEEK IN GUSTINE

On January 12, 1921, a Watrous fire engine was delivered to the city of Gustine, California, and just twelve days later at a school fire there the engine was called out to fight a stubborn conflagration. Here is wh at the fire chief of that city wrote to the Waterous agents in San Francisco:

Gustine, California, January 25,1921.
J. H. Lashbrooke Company,
Gentlemen:

This is to inform you that since purchasing your Waterous fire engine we have had an opportunity to test it most thoroughly and it has responded in a manner to satisfy the most dubious.

Yesterday morning at 8 o'clock an alarm was rung for a fire in the basement of our grammar school. This building was erected six years ago at a cost of something like $45,000 and is of brick construction outside and frame interior.

When we arrived at the scene the situation was worse than it should have been because of the fact that instead of turning in the alarm immediately by ringing the school house bell some twenty minutes had been lost by trying to combat the flames, which were already beyond such control, by small hand extinguishers, and running about a half-mile up town to ring the fire bell. The building was constructed with girts between the studding every four feet but the fire had started directly under one of the hot air pipes which immediately became a flue leading to the attic.

Two lines of hose were laid and in about twenty minutes the flames were under control. However, much better work would have been done had we more time for organization. One fault was that due to lack of preparation one ¾ inch and one 1 inch nozzle was used, and this at one of our worst hydrants. But in spite of this a pressure of from 50 to 60 pounds was maintained which certainly ate up the fire as fast as we could get to it. If we had used two ⅝ inch nozzles the pressure would have been greater, our main would have supplied us better, and the water damage would have been somewhat less.

Since the fire I have heard nothing but commendation, the opinion being freely expressed that the engine had in one-half hour paid the public for its cost three times over. And this is certainly true, for with the old hand apparatus we would have been another fifteen minutes getting into action with about thirty to forty pounds pressure and only one stream of water and the building would have burned to the ground. I might state in addition that after the fire was extinguished the basement was pumped out, which was another big help.

Assuring you that we are very much pleased with our Waterous fire engine, I am,

Sincerely yours,
F. F. LATTA,
Chief Gustine Fire Dept.

Why Increased Taxes?

Every citizen of California is a taxpayer.

Taxation is, therefore, your concern.

You pay direct on property, or you pay indirect taxes through transportation, light and power costs, in interest rates, or in the cost of merchandise or rent

So you want answers to these two questions:

1—How much money is actually needed by the State, with proper economy, and Why?
2—How shall this money be raised, and Why?

What the Tax Investigation and Economy League IS

Three hundred thousand of our people, security holders in public utilities, banks and other companies, taxed for state purposes, together with an equal number of employees of these companies, are represented by the Tax Investigation and Economy League, which has been organized to learn and make public the facts about the actual needs of the State government.

Non-partisan and non-political, this league invites the co-operation of every citizen.

Such Facts as These Are Pertinent

Governor Johnson's budget for two years called for $36,000,000
Governor Stephens' 1919 budget for two years called for $47,000,000
Governor Stephens 1921 budget for two years calls for $81,000,000

—An increase of $45,000,000 over the budget of six years ago—
—An increase of $34,000,000 over the budget of two years ago—
—An increase of $15,000,000 over the budget of two years ago even after we allow for the appropriations and expenditures authorized by the people at the November elections.

It Is Time for Economy

For all of us the era of extravagance should be ended. That our present state organization costs too much and is full of unnecessary duplications and unnecessary expenses, is agreed by state officials and the public alike. We ought to know, and we want to know now, how much money is being wasted. We ought to know whether the new demands on our pocketbooks are necessary demands.

No Ad Valorem Tax

One thing is already sure. If the $15,000,000 now asked in addition to the money voted last November is saved to the public,
—Our existing revenue will pay all our bills—we will have a surplus in the treasury two years hence—there will be no ad valorem tax.
The legislature is the authority that shall determine how much money shall be raised, and what rates of taxation are fair.
It is the privilege and duty of every citizen who has facts to present, and conclusions based on these facts, to assist his representatives in reaching a just decision.

You will be advised of the results of our investigation. Your own views and conclusions are respectfully invited

Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. WATMAUGH DISTRICT HAS ANOTHER FINE AFFAIR

The Watmaugh school district gave another benefit evening for the school floor fund last Saturday night, and the good folks of the neighborhood turned out despite the heavy rain, and a very successful benefit was the result.

The usual good program was presented, including numbers by Mrs. Taylor, Miss Bruberry, Messrs. Muller and Guiberiga and others. Louis Felder was one of the committee of arrangements.

About $18.25 was netted from the entertainment, and in addition a donation of $2 from Carl Jacober was reported, and the gift of a fine stove from John Guiberiga. Mrs. Melvin Schweitzer and Henry Ebersole of the Foster ranch also made cash donations.

Another entertainment will be given on the 11th of February.

VINEBURG NEWS

Mr. Morris Levy, a prominent citizen of this place, was a visitor to the metropolis this week.

Al Groskopf motored to Vallejo on Sunday last, escorting his brother, Frank, home.

Mr. and Mrs. John Batto, accompanied by Mr. and Mrs. Agust Figone, motored to Vallejo and Yountville on Sunday last andwere the guests of friends.

Mr. and Mrs. Al Finck of Oakland were the guests of Mr. and Mrs. Louis Martin this week-end. Mr. Finck is a well known merchant in the "Athens" of the Pacific.

From all appearances at the present time the coming season will be a record breaker in the poultry industry in this section of Sonoma valley, as all the large hatcheries are running at full capacity, in order to fill orders for baby chicks. One thing in favor of the poultry raisers in this vicinity is that they are sure of all kinds of commodities used in poultry raising. Vineburg is where the pioneer grain and feed warehouses of John Batto and Sons are situated, and this firm, which was established before the poultry industry started, has made a special study as to the wants of poultry raisers and has always on hand a complete stock of everything pertaining to the business. The plant has a cleaning and mixing mill, and any orders, large or small, may be filled, from a sack to a box car load.

Mr. Louis Martin was a visitor in the Metropolis and Bay cities the fore part of the week.

Mr. and Mrs. Fred Batto accompanied by Mrs. Chas. McDevitt of Sonoma and Miss Louise Batto motored to Dixon on Thursday last.

Road Master F. Helberg is now busily engaged in repairing the roads in this vicinity.

Frank Allen the barber, told us that Fred Bonner was going to buy an automatic self-starting, 8-day watch with a noiseless muffler, but that Frank is always joshing.

Muller and Downey, the artistic painters, are certainly improving the looks of the Batto store, in their usual workmanlike manner.

EASY JIM.

MORE NEW BUILDING CONTEMPLATED FOR SONOMA

That Sonoma is to experience a building boom seems more than likely for followin the news of the substantial improvement of the Griffith property comes the report that the Clewe estate is figuring on erecting a concrete building on Broadway adjoining the store for a local business firm, and that the Studley's, who purchased the old brick blacksmith shop on the west side of the Plaza are wrecking the landmark to put up a modern structure in the near future. Watch Sonoma grow!

Robely Hobart, grandson of Mrs. Kate Buchan, contemplates a visit to Florida to see his parents in the spring.
